PROM Quiz

Heading back to school can be a lot of fun and a little stressful if you're not sure how you'll fit in!

Take the PROM quiz to see if you'll sizzle or fizzle this school year!

Your teacher just announced a quiz tomorrow, what do you do?

- A - Head to the library and study, study, study.
- B - Stay in and have your little brother quiz you on the subject.
- C - Skim through a few chapters and call it a night.
- D - Spend your time figuring out what you're going to wear.
- F - Meet your buddies for dinner and hang out.

The coolest band in town has just announced a surprise concert but you've got babysitting duties, what do you do?

- A - Babysit - you've always got your iPod.
- B - Hang with your 'little-peeps' instead - who needs a crowded concert.
- C - Head to the concert after babysitting - you might catch the final song!
- D - Talk your buddy into covering for you and make your way to the show!
- F - Pretend you're sick and then sneak off to the concert.

The class 'hottie' has just asked for your number, so you...

- A - don't give him/her your info, but make solid arrangements to meet after gym class.
- B - keep your digits to yourself. If he/she really wants to find you, they'll find you.
- C - don't even bother, you're already dating a hottie.
- D - turn and walk away because you just forgot your number...and how to speak.
- F - tell all of your friends and then go home and sit by the phone.

You want to go see a movie and your sweetie wants to go to a club, so you...

- A - go to a club AFTER the movie.
- B - put together a picnic basket and spend time together instead.
- C - get out your dancing shoes cause it's your sweetie's choice.
- D - find someone to teach you the latest dance moves.
- F - catch the latest action flick!

The smartest kid in your science class needs a lab partner, you decide...

- A - to jump at the chance to learn a thing or two from a new friend.
- B - you'll partner up and help adjust their 'nerd' status to 'cool.'
- C - to meet after class 'cause the 'chemistry' might be interesting.
- D - start talking and find out that you both belong to the same online science site.
- F - to pretend to be their friend so you can have them do all the work.

When everyone seems to be 'coupled' and you're still single, you...

- A - get busy with your schoolwork cause you just can't be bothered with 'dating.'
- B - help out at home, you'd rather hang with your family anyway.
- C - don't worry at all -- you've got the best friends imaginable!
- D - head to the library and hit the books, at least the librarian knows who you are!
- F - turn on your charm and chat up every single person in sight...including the lunch ladies.

RESULTS:
